

Develop Your Team and Build Skills Faster

Build a More Productive and Profitable Team

Interplay's career development solution offers always-on immersive training that rapidly trains new workers and helps experienced technicians grow their skills faster and easier than ever before.

Delivering 500+ hours of expert-led content and a full suite of measurement, engagement, and automation tools, Interplay provides the tools you need to nurture talent, streamline training, and help people succeed.

Enhance Skills and Drive Technician Performance

Our training applies the science behind how people learn best, equipping learners with both the knowledge and cognitive skills they need to solve problems in the moment.

Even better, we make it easy for you to administer and manage through one simple platform and provide training support and service every step of the way. With Interplay's career development platform, you can:

- Tap into expert-led videos, hands-on 3D simulations for HVAC, CHVAC, Plumbing, Electrical, Multi-Family, Professional Development, Safety, and more--anywhere, anytime, and on any device.
- Improve your teams' troubleshooting and procedural diagnostics skills due to the deductive processes they learn from Interplay's unique learning approach.
- Gain an in-depth view of each learner's abilities, and identify gaps through skill assessments, detailed analytics, and flexible reporting tools.
- Use training to solve real problems by tapping into customizable Learning Paths built to ramp and on-board, promote and upskill, and address problem areas, all in-house.

Businesses Using Interplay Typically See Results That Look Like These:

92%

either grew their business or eliminated costs by using Interplay

All the Tools You Need in One Platform

Interplay’s immersive career development solution helps you simplify skill development for the trades, making it more efficient, effective, and scalable while saving you time and effort.

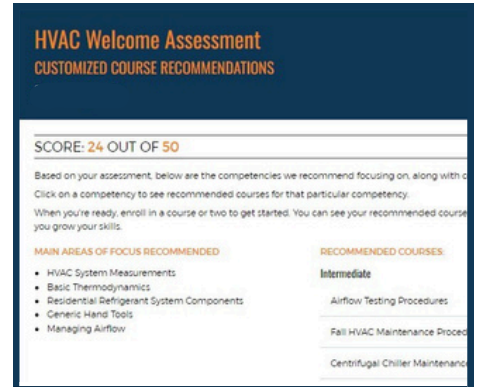

Command Center

Assign content, add your own videos, and create custom Learning Paths to quickly personalize and deliver training for your team.

Team Dashboard

Get a comprehensive view of your workforce, all in one place. Utilize gamification and learner rewards to keep your team motivated and engaged.

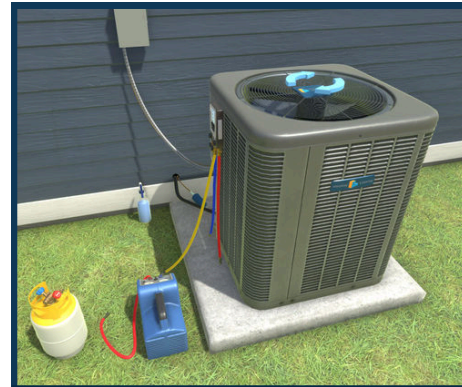

Skills Assessments

Assess learner's skills and abilities to get an objective read out of their skills and customize the training path to their unique needs.

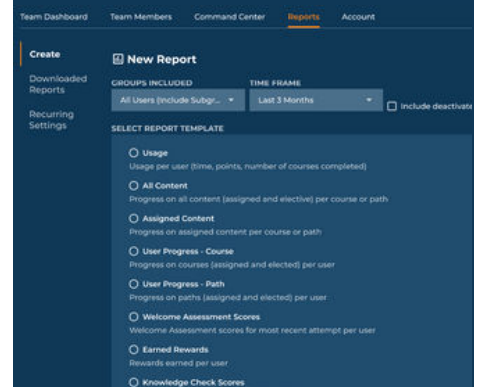

Expert-Led Content

Access our full course catalog of video courses, knowledge checks, 3D simulation troubleshooting and more.

3D and VR Simulations

Engage people in safe, “real-world” scenarios where they can learn hands-on and improve troubleshooting skills in a no-fail environment.

Insights and Reporting Tools

Optimize training and drive continuous improvement with detailed analytics and flexible reporting tools.
